## City Water Restrictions May 15 - September 15

Water Restrictions will be in effect from May 15 - September 15, annually. Residents with even numbered houses (last digit of house address) can water lawns on even number calendar days, odd numbered houses on odd number calendar days.

Since the south water tower is being repainted and is out of service until July, it is

important that residents adhere to the odd/even watering restrictions this spring and early summer.

These restrictions do not apply to properties that use a private well for watering purposes, or for water uses including car washing, filling of children's swimming pools, children playing in a hose operated sprinkler or water toy, or hand-held watering of plants and shrubs.

Residents with newly sodded or seeded yards may obtain an exemption from the odd-even restriction for a period of two weeks. Residents requiring an exemption should contact the Shoreview Public Works Department at 651.490.4650.
