## City Council

The City Council took the following action at their July 18, 2016 meeting:

- Held a public hearing for the I-35W improvements between Roseville and Blaine. State statutes require MnDOT to seek municipal consent for improvements being considered for I-35W. The process includes a public hearing concerning the final layout and eventually a City Council action. It is anticipated that the City Council will be formally considering action concerning municipal consent for the proposed I-35W Managed Lane project within 90 days of the public hearing as outlined in statutes.
